

FIAT PRODUCTS
A CRANE PLUMBING COMPANY

METAL SHOWERS

FIAT One-piece Showers and Shower Floors are made of durable, lightweight plastic or molded stone. These free-standing showers are easy to install, rust proof, leak proof and affordable.

99M Pilot®

Free-standing Pilot metal showers are available in two sizes (see chart). Reversible walls are made of galvanized-bonderized steel finished with white baked-on enamel. Back corners and stiles are made of formed-metal. A one-piece top frame locks walls together. The shower floor is made of Molded-Stone® and has a slip-resistant patterns that won't trap or impede the flow of water. Pilot showers have an integral drain body with QDC-2 Quick Drain Connector and removable strainer plate. Standard with Pilot is a plastic curtain.

ROUGHING DIMENSIONS			
SIZE	A	B	C
30"	30"	30-1/4"	15"
32"	32"	32-1/4"	16"

47 Cadet®

Free-standing Cadet #47 square metal showers are available in two sizes: 32" x 32" x 81" and 36" x 36" x 81" with reversible walls. Cadet #48 corner metal showers are available in one size: 36" x 36" x 18". Shower walls are made of heavy gauge galvanized-bonderized steel finished in white (or specify color desired) synthetic baked-enamel. A one-piece top frame locks wall securely in place. Stiles and headrail are one-piece. Shower floors are made of precast terrazzo with 1-1/2" shoulders and a galvanized-bonderized steel flange for wall attachment. The drain body is factory installed, made of stainless steel and the strainer plate is a removable type. Standard trim consists of a brass valve (190AA) with chrome plated handles, soap dish, heavy plastic curtain, curtain rod, hooks and QDC-4 Quick Drain Connector.

48 Cadet®

Deluxe Mariner®

The Deluxe Mariner wall consists of a single thermo-plastic white polypropylene sheet. The entire wall surround (back and both sides) is rigidized by a one-piece top frame (with integral curtained rod) that fits over front stiles. the top frame and hand rail are made of aluminum.

The Deluxe Mariner front vertical stiles are made from extruded aluminum designed to accept vertical edges of the wall surround.

The Tuf-Flor™ shower floor with integral threshold has a slip resistant surface. ABS drain body. The shower comes with a brass hot and cold valve with chrome plated handles, shower head, soap dish, heavy plastic curtain with curtain hooks and caulking compound. Optional Extended Base available.
