

Filtrine DRINKING FOUNTAINS

NON-RECESSED DRINKING FOUNTAINS

Model 107-16

In Satin Bronze with matching push-button bubbler, integral drain, support arm and optional cover plate, this simple but lovely fountain could be in almost any building instead of the electric water coolers, or bottled water coolers, so often found there.

Model 107-14

Marble—such as that used in this striking fountain with its Satin Bronze bowl and bubbler—is commonly used in our fountains, but you are not limited to that material. Filtrine has also produced fountains in granite, glass and even wood. Let your imagination run wild.

Model 107-14-MA

Shown in Bronze and marble with a mirror finish and matching cover plate. An ideal way of providing pure water beautifully while adhering to ADA requirements. The highly polished cover plate not only conceals the modifications necessary to meet ADA height, but also adds a beautiful dimension to the hallway by reflecting the stunning marble bowl and highly polished support arm.

PEDESTAL DRINKING FOUNTAINS

Model 130-16CP-CA

A unique design to solve the ADA requirements, this pedestal fountain has an extended arm for wheelchair access. Bowl is a Model 107-16 in 16 gauge shown in Stainless Steel polished to a #4 Satin finish with integral drain. Lead-free Stainless bubbler and remote “Soft-Touch” button are in Mirror finish. Pedestal is shown in Stainless Steel hand polished to a #4 Satin finish. Of course, other materials and finishes are available.

RECESSED FOUNTAINS

Model B103

The first half of our “Ultimate Water Delivery”. This fully recessed Carafe/Bottle Filler—shown in 16 gauge Stainless Steel with Satin finish—is the ideal water station for cafeterias, nurse’s stations, offices, stadiums and gymnasiums . . . anywhere someone needs to fill a cup, carafe or water bottle. Ideally suited for Model C-101-SS carafe. . . . the second half of our “Ultimate Water Delivery System”.

Model 103-FH

Fully recessed fountain/fire hose unit shown in 16 gauge Stainless Steel polished to a #4 Satin finish with mirror finish bubbler, lever handle, push button cup filler and drain. Unit features fire hose cabinet under fountain with full length grab bar for easy access in emergency.
