

LAKE SIDE SUPPLY COMPANY

GOVERNMENT SERVICES

Lakeside Supply is an experienced solution provider to government, industry, and contractor clients, providing products and tailoring services to support your mission. We partner with general contractors and more than a hundred manufacturers and distributors to qualify, engage, and win government contracts. We support new construction, remodeling, and various other government build and construction requirements.

A family-owned business for more than 85 years, our long-standing and developed relationships with manufacturers, vendors, and partners allows Lakeside Supply to be highly competitive on cost. This enables us to provide the best products and services to our clients at the greatest value.
